

ELEC5660 Project 1 Phase 1 Report

SIT, IOK LONG

March 24, 2026

1 Introduction

I have completed the controller by following lecture notes³ page 46. Additionally, added two trajectory called diamond and heart.

2 experiment

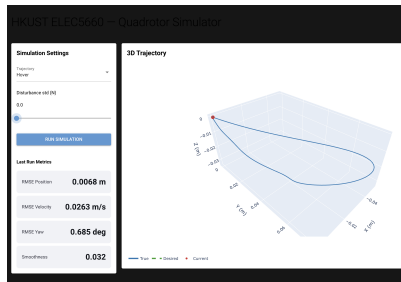

Figure 1: *
hover

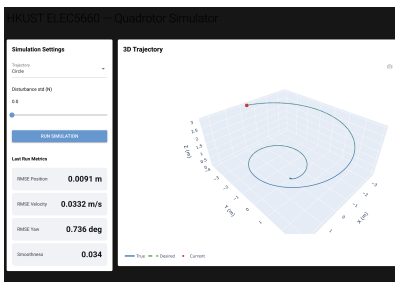

Figure 2: *
circle

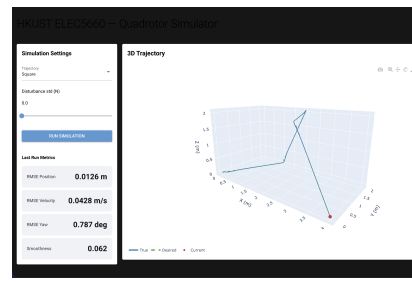

Figure 3: *
square

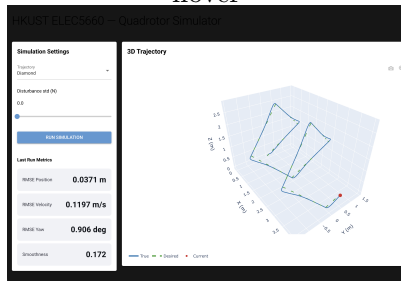

Figure 4: *
diamond

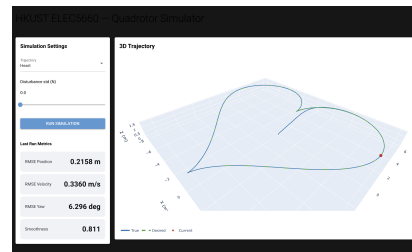

Figure 5: *
heart

Figure 6: Tracking plots on Path 1,2,3.

From the figure1 shows that my pid params can recover the disturbance rapidly.
